NOTICE TO CITY OF BURLINGTON RESIDENTS

THURSDAY HYDRANT FLUSHING

The Burlington Water Utility will be flushing hydrants on **Thursdays** during the months of May through July, to reduce and remove the accumulation of rust and iron in the City's water main distribution system. This flushing may cause discolored water in your system. This discolored water is bacteriologically safe and will not harm you.

City residents should check their water supply on Thursdays before engaging in any work that could be affected by the City's flushing of hydrants. Your cooperation and understanding during water main flushing is greatly appreciated.

BENEFITING:
Mike had been cancer free for over 20 years, but late last fall his Ocular Melanoma metastasized to his liver. It sounds unusual, but it is still Ocular Melanoma. He is strong and up for the fight - so are all his Warriors. We are hoping to lessen his family's stress with the numerous medical bills. We are trying hard to take care of a person who is always caring for others as an RN now or at previous volunteer EMS positions with local departments where he lived.
