Antioch Village Board approves measure restricting sale of delta-8 THC and kratom

The Antioch Village Board has voted to prohibit businesses in the village with liquor and tobacco licenses from selling products containing delta-8 THC and kratom. Additional legislation is expected to be discussed in the near future, which would further limit the sale of these products through amendments to the village's zoning ordinances. Village trustees voted 5 - 0 to amend Ordinance No. 23-11-32, which now prohibits liquor and tobacco license holders from selling the products.

Delta-8 THC has a similar molecular makeup to delta-9 THC, which is regulated by the state and only legally sold in licensed dispensaries. Antioch Mayor Scott Gartner has pushed for the village to be a leader within the state, restricting the sale of delta-8 THC and kratom.

"By simply manipulating the molecules that make up delta-8 THC by exposure to heat, someone can create a similar form of THC that is found in marijuana, creating psychoactive effects," said Gartner. "Additionally, there is no way to verify who is manufacturing these products,

or what is contained in them. We want to keep these types of products off store shelves and away from children in our community. The Village of Antioch appears to be the first non-home rule community in the State of Illinois to ban these substances but is by far the last. We're seeing more and more legislative bodies coming to the same realization that we have, that these products do not belong in our communities."

Last year, the U.S. Food and Drug Administration (FDA) issued a warning to consumers about the risks of

delta-8 THC. On its website, the FDA stated, "It is important for consumers to be aware that delta-8 THC products have not been evaluated or approved by the FDA for safe use in any context. They may be marketed in ways that put public health at risk and should especially be kept out of reach of children and pets."

Due to health and safety concerns, several states have outlawed the sale and possession of kratom, including the boarding states of Wisconsin and Indiana. The FDA also warned consumers of kratom,

because of risks of "serious adverse events, including liver toxicity, seizures, and substance use disorder (SUD). In rare cases, deaths have been associated with kratom use, as confirmed by a medical examiner or toxicology reports."

Antioch Police Chief Geoffrey Gutschow says that, unlike delta-8 and kratom, the State of Illinois requires rigorous regulations on licensed cannabis dispensaries, where delta 9 THC is sold, as compared to the quick marts and gas stations where delta 8 THC products are commonly

found being offered for sale in an unregulated market.

"These dispensary regulations are in place to ensure the safety of the products sold within them," said Gutschow. "They encompass stringent quality control measures, rigorous testing requirements, strict age verification protocols, and comprehensive labeling standards designed to minimize potential risks associated with cannabis products."

The ordinance goes into effect ten days after passage, which will be December 8, 2023.

Board appoints Police Chief as acting administrator

Village of Antioch Police Chief Geoffrey Gutschow has been appointed as the Village of Antioch's Acting Administrator, following the retirement of Administrator, Jim Keim. Chief Gutschow is a seasoned law enforcement professional with over 24 years of experience. His appointment as the acting administrator reflects his steadfast commitment to public service and exceptional leadership during challenging times.

Antioch Mayor Scott Gartner says Gutschow's record of leadership and his relationship with the community make him the obvious choice to lead the village during this time of transition.

"Chief Gutschow brings a

wealth of leadership experience, a commitment to transparency, and a proven track record of navigating challenges with resilience and adaptability," said Garter. "His role as Chief of Police underscores his ability to lead through complex situations."

More about Geoffrey Gutschow

Beginning his public service journey as an emergency medical technician in Kenosha County in 1997, Chief Gutschow transitioned to the Antioch Police Department in 1999. Throughout his distinguished career, he held roles where he demonstrated exemplary leadership during unprecedented challenges.

Elevated to the rank of

sergeant in 2007, Chief Gutschow served as a watch supervisor before taking on the role of administrative sergeant in 2016. Progressing through the ranks, he served as a Division Commander, and later as Deputy Chief of Police, where he developed a keen understanding of the complexities of law enforcement. In March 2020, he assumed the role of Interim Chief, navigating the department through the COVID-19 pandemic and safeguarding Antioch during a period of historic national

social unrest. In August 2020, the Antioch Village Board appointed Gutschow as the permanent Police Chief.

Chief Gutschow holds an associate degree in Police Science, a bachelor's degree in Criminal Justice Administration, and has completed Northwestern University's School of Police Staff and Command. Actively involved in professional associations, he is a member of the Illinois Association of Chiefs of Police, the Lake County Chiefs of Police Association, and serves on the

Board of Directors for the Lake County Major Crash Assistance Team.

Community-focused, Chief Gutschow served multiple terms on the Antioch Community High School District 117 Board of Education, where he held the position of Vice President. Together with his wife, Chief Gutschow is a proud resident of Antioch, raising five children.

Outgoing administrator Jim Keim concludes nearly 20 years of service with the village. He has opted to take advantage of the Village's early retirement incentive program. Before serving as Village Administrator, Keim started his career with the village as a village engineer.

During his tenure as administrator, Keim oversaw the development of the village's wastewater treatment plant, the opening of the Antioch Aquatic Center, and the open space redevelopment efforts and considerable progress on the Sequoit Creek construction.

"We are grateful to Jim for his years of dedicated service to our community," said Mayor Gartner. "Jim is an Antioch High School graduate who returned to the community he grew up in to dedicate his career to making Antioch a better place. On behalf of the Village Board and village staff, we wish Jim and his family the best during his retirement. Thank you for your service."

Jim Keim

Geoffrey Gutschow

Illinois Supreme Court: FOID records exempt from public disclosure

Individuals can obtain their own records through other means

By Peter Hancock
CAPITOL NEWS ILLINOIS

The Illinois Supreme Court ruled Nov. 30 that people may obtain records about their own Firearm Owners Identification cards, but they may not use the state's Freedom of Information Act to do so.

In a 7-0 ruling, the court said the Illinois State Police acted properly when it denied FOIA requests from individuals who sought copies of letters explaining why their FOID cards had been denied or revoked. But the court also said those individuals could have obtained those records through other means.

"ISP does not dispute this point but simply maintains, as we have found, that FOIA is not the proper means for obtaining the requested information," Justice Joy Cunningham wrote for the court.

The case revolved around a 2011 amendment to the Freedom of Information Act that exempts from public disclosure the names and information of people who have applied for or received FOID cards or concealed carry permits.

According to briefs filed with the court, state lawmakers passed that amendment after the Associated Press filed a blanket FOIA request seeking the names of all FOID cardholders in the state, along with the expira-

tion dates of their cards.

The Nov. 30 ruling involved two unrelated cases from Madison County in which Sandra Hart and Kenneth Burgess Sr. sought copies of documents related to their FOID cards, including records explaining why their cards had been revoked.

Thomas Maag, an attorney who argued the cases at the Supreme Court, said in an interview Thursday that both individuals claimed they had lost the original documents and that they sought copies so they could appeal the revocations.

In both cases, ISP denied the requests, citing the exemption in the Freedom of Information Act. But in both cases, the Madison County Circuit Court sided with the applicants and ordered ISP to hand over the requested information. In 2022, the 5th District Court of Appeals upheld those decisions, saying the FOIA exemption was never intended to prevent

individuals from obtaining records pertaining to themselves.

Both the trial court and the appellate court pointed to the use of plural language in the 2011 amendment that prohibits the release of "names" and information of "people" who have applied for or received permits. They argued the use of plural words indicated lawmakers did not intend to prevent people from accessing their own information.

But the Supreme Court rejected that analysis, saying the use of the plural words "does not, in itself, mean that a request for one's own information" would be permissible under the 2011 amendment.

The court's ruling noted that the individuals could have obtained their FOID card applications and revocation letters through the Firearms Services Bureau, which is the division of ISP that processes FOID cards.

Sheriff's reports

Investigation continues into body found on side of road

Sheriff's Detectives are investigating a death, where a woman was left on the side of a roadway in Old Mill Creek.

On November 29, at approximately 7:00 a.m., Lake County Sheriff's Deputies responded to Hunt Club Road south of Route 173 for a report of a possible body on the side of the road.

Sheriff's deputies arrived and located the body of a deceased woman on the east shoulder of the roadway. Based on preliminary investigation, it appears the woman was the victim of a

homicide and her body was dumped on the side of the roadway during the early morning hours.

The cause and manner of death are currently unknown, however, the Lake County Coroner's Office was on scene and an autopsy was being scheduled at the time of this press release.

Lake County Sheriff's Detectives continue to investigate the homicide and additional information will be released as it becomes available.

Inmate dies in hospice care

Randy Little, an inmate at McHenry County Adult Correctional Facility, passed away on December 3, at a hospice facility.

Little was transported to a hospital concerning his health on October 20, where he was then transferred to a hospice care facility on November 13. He passed away due to a terminal illness at age 59.

In compliance with Sheriff's Office protocol and state law, the McHenry County Major Investigation Assistance Team was called into assist.

Man charged with DUI after crashing into building

Lake County Sheriff's Deputies arrested a man for driving under the influence of alcohol, after he crashed into a building.

On December 3, 2023, at approximately 3:00 a.m., Lake County Sheriff's Deputies responded to a business in the 37000 block of North Sheridan Road, Beach Park, for a traffic crash. Sheriff's deputies arrived and located a Chevrolet Silverado engulfed in flames. Just prior to the arrival of deputies, Good Samaritans pulled the driver and a passenger from the vehicle, likely saving their lives.

Preliminary investigation shows the Chevrolet, driven by Roy R. Montoya-Medina, 23, of Waukegan, was traveling eastbound on Blanchard Road at a high rate of speed. For an unknown reason, Montoya-Medina left the roadway,

drove through a grassy area and struck the south side of a self-storage building. The Chevrolet ignited after striking the building.

Montoya-Medina and his passenger a 25-year-old man of Antioch, were transported to an area hospital with serious injuries, including serious burns.

It was determined Montoya-Medina was driving under the influence of alcohol. He was subsequently cited with DUI-Alcohol and Reckless Driving. Montoya-Medina is required to appear in court on January 24, 2024.

Building inspectors were summoned to the scene to determine the building's structural integrity.

All defendants are presumed innocent unless proven guilty in a court of law.
