## Independence Grove beer garden open weekends to start the season

The Beer Garden at Independence Grove, featuring scenic views and craft brews reopened for the season. The venue at Independence Grove Forest Preserve in Libertyville features a variety of local craft brews on tap and in cans, wines and hard ciders, non-alcoholic beverages and packaged snacks. Plenty of casual lakeside seating is available at the family-friendly picturesque setting.

Fire pits and free firewood, first come, first served, are available for use along the lakefront. S'mores kits are on hand for purchase. Beer flights and tastings are also in the lineup.

The Beer Garden at Independence Grove is again offering its seasonal menu through Untappd, a geosocial networking service used through a mobile app. Menus are updated weekly on the app, and users can receive notifications and check out a calendar of upcoming events.

"The beer garden has truly become a beloved spot," said Angelo Kyle, president of the Lake County Forest Preserves. "It offers families a unique recreational experience and a wonderful chance to enjoy time spent in nature as the weather turns warmer."

**Seasonal Hours:** Tentative hours pending staffing levels and weather. Beginning May 4: Friday-Sunday, 1-9 pm. Special hours: Monday, May 27, 1-9 pm. Beginning May 28: Tuesday-Thursday, 5-9 pm and Friday-Sunday, 1-9 pm.

**New Brew Festival:** Celebrate Lake County's vibrant brewery scene at the inaugural Brews & Views from 4-8 p.m. on May 31.

Participants can purchase a \$20 punch card to try 10 different brews, each served in a 3.5-ounce pour, as well as an appetizer. Local breweries include 9th Hour Brewing Co., Glunz Family Winery, Harbor Brewing Co., Liquid Love Brewing Co., Mickey Finn's Brewing, Phase Three Brewing Co., Ravinia Brewing and Roaring Table Brewing. Non-alcoholic options and food will be available for purchase. All ages are welcome at the Beer Garden but tastings are for adults 21 and over.

Parking is free for Lake County residents. Nonresidents are charged per car from spring-fall: \$6 Monday-Thursday; \$12 Friday-Sunday and holidays. After Labor Day, parking fees are collected on weekends only.

Pets Not Permitted with the exception of service animals, dogs, horses and other pets are not permitted at Independence Grove.

Host an Event offering panoramic views of the lake and preserve, the Beer Garden can be reserved for special events such as birthday parties, reunions, picnics, corporate retreats and other celebrations. Available to rent late spring through late fall, the Beer Garden features semiprivate and full buy-out options, and plenty of casual lakeside seating. To reserve the space for an event, call 847-968-3473. For catering arrangements, contact Relish Events at Independence Grove at 847-665-9221 or info@relishesig.com.

If you are interested in learning about sponsorship opportunities, please contact the Preservation Foundation of the Lake County For-

The entrance to Independence Grove is located on Buckley Road

(Route 137) just east of Milwaukee Avenue (Route 21) and west of River Road in Libertyville.

## Detectives conduct search warrant, find man with dozens of child porn videos

Lake County Sheriff's Detectives arrested a Lake Zurich man after locating dozens of videos and images of child pornography during a search warrant on May 7.

Jared R. Honegger

Sheriff's detectives conducted an investigation after receiving a tip that child pornography was being downloaded at a residence in the 0-100 block of Terrace Lane, Lake Zurich. After obtaining enough information, sheriff's detectives applied for and obtained a search warrant for the home.

Sheriff's detectives, members of the Lake County Sheriff's Tactical Response Team, and members of the Illinois Attorney General's Cybercrime Unit conducted the search warrant at the residence. As they searched the home, they located Jared R. Honegger, 24, in his bedroom watching a child pornography video, of a child under the age of 10. Honegger was arrested and transported to the Lake County Sheriff's Office Criminal Investigations Division.

# House GOP advances 2 human trafficking victim protection bills as others remain in limbo

## Advocacy organization gives Illinois a failing grade in 2023 report

By Cole Longcor  
CAPITOL NEWS ILLINOIS

After Illinois received another failing grade from a national advocacy group, state House Republicans have introduced legislation aimed at further protecting victims and prosecuting perpetrators of human trafficking.

Shared Hope International, an advocacy organization that works to prevent sex trafficking, said in its 2023 Illinois report card that the state's grade improved from 48 to 54.5 out of 100 between 2021 and 2023, but that still marked an 'F' grade.

"Of the six metrics that they use to grade a state's efforts to protect victims of exploitation and support their recovery, Illinois only receives one passing grade of 'B' for prosecuting abusers,"

Rep. Jeff Keicher, R-Sycamore, said at a news conference. "That means we have a lot of work to do, particularly when it comes to helping victims get their lives back together after traumatic events occur."

Human trafficking, as defined in the federal Trafficking Victims Protection Act of 2000, is "the act of recruiting, harboring, moving, or obtaining a person by force, fraud or coercion, for the purpose of involuntary servitude, debt bondage or sexual exploitation."

Since Shared Hope revamped its state report card framework after 2019, Illinois has continuously received an "F" ranking. The 2023 report cites gaps in multiple policy categories, including juvenile justice system services,

training and jurisdiction. The report also recommends improving other policies such as orders of protection.

Illinois' lowest scoring category was continuum of care, which includes funding and services for victims. Illinois received 4 out of 15 points, or 27 percent, for its care policies. Illinois does have laws in place to protect children and received 5 points of extra credit in 2023 for its inclusion of minors in its laws and definitions. One point of the 6.5-point increase from 2021 to 2023 was for extra credit regarding child labor trafficking.

"While we've made strides in certain areas, we're failing in crucial aspects, particularly in victim protections," Rep. Nicole La Ha, R-Homer Glen, said at a news conference.

"The failing grade Illinois received highlights the urgency of this situation. We cannot continue to overlook the needs of trafficking victims."

Human trafficking remains a problem in Illinois, with some data suggesting it has increased in recent years. Data from the Human Trafficking Institute ranks Illinois the 5th highest state for sex trafficking, and 9th highest for labor trafficking.

The National Human Trafficking Hotline received an average of around 162 signals per year between its start in 2007 and changing its reporting method after 2014. Since that change, the hotline has received an average of approximately 842 signals from Illinois.

In total, signals from Illinois have resulted in the identification of 2,237 trafficking cases involving 4,817 victims. To report an incident to the hotline, call 1-888-373-7888.

### Proposed legislation

House Republicans have proposed seven bills to improve human trafficking protections and penalties. The bills focus on protections for minors and prosecuting perpetrators.

"If we can start creating awareness that this happens at that young age, we could start to bring attention that trafficking of all ages happens right here," La Ha said in a recent interview.

House Bill 5465 would allow a human trafficking victim to have their juvenile record from crimes committed while being trafficked as a minor sealed or expunged. The proposal is an extension of House Bill 2418, which granted similar provisions to people who were trafficked as adults. The law was signed by Gov. JB Pritzker last year following unanimous approval by lawmakers and took effect on Jan. 1, 2024. It also allows the victim to petition remotely, and to have the petition sealed.

"One of the first steps in helping someone heal after an immense trauma like sexual abuse is ensuring that their past doesn't follow them around and keep them from being someone new," Keicher, the House sponsor of both bills, said at a news conference in March.

HB 5465 unanimously passed the House on April 17 and unanimously passed out of the Senate Special Committee on Criminal Law and Public Safety on May 1. The bill now awaits Senate consideration.

Keicher was recently appointed to the state's Human Trafficking Task Force by House Minority Leader Tony McCombie, R-Savanna. This task force was created in 2021 and is made up of 26 members including legislators and agency officials. The task force was charged with conducting studies, developing procedures and training, and writing annual reports. But it has not made any recommendations or given any public updates despite an upcoming June 30 deadline to file its final report.

La Ha's House Bill 5467 unanimously passed the House on April 17. It would

remove the statute of limitations for a victim to press charges of trafficking, involuntary servitude, and involuntary sexual servitude that occurred when the victim was a minor. Under current law the prosecution must start within 25 years of the victim turning 18.

La Ha said the bill allows victims to "come to terms with their trauma in their own time" by giving them a greater window to "bring their trafficker to justice."

La Ha and House Republicans have sponsored other related bills that remain in committee, some of them focusing on penalties for traffickers. Since two key deadlines for a bill's passage have already passed, the proposals seem unlikely to move forward this year.

House Bill 5134 would require those convicted of trafficking, involuntary servitude, and involuntary sexual servitude of a minor to register as a sex offender. House Bill 5466 would remove the ability for a defendant to use the claim that they believed a minor engaging in prostitution was of legal age as an affirmative defense. When asked if the punitive nature of the bills was holding them back, La Ha agreed, saying, "100 percent."

Democrats in the General Assembly have historically opposed most bills that could be viewed as "sentence enhancements" for laws already on the books.

Three other bills that have stalled are sponsored by Rep. Jennifer Sanalitra, R-Hanover Park, and Rep. Brad Stephens, R-Rosemont.

House Bill 5468 would create an affirmative defense for victims of human trafficking who committed crimes as part of being trafficked. Sanalitra said the bill will "ensure the legal system offers them protection and an avenue to justice."

House Bill 5469 would create the Human Trafficking Order of Protection Act allowing victims of human trafficking, or a person on behalf of a juvenile victim, to file an order of protection against the perpetrator.

House Bill 5470 builds on recommendations from the Shared Hope International report card, clarifying that anyone who "patronizes" a minor sex trafficking victim would be liable for involuntary sexual servitude.

## Volunteer docents still needed

Volunteer docents are still being sought for Moraine Hills State Park and Volo Bog State Natural Area.

Docents greet visitors in the nature/visitor centers, answering questions and offering information about the sites and programs available.

Docents have a passion for nature and the environment and enjoy chatting with people. The ideal volunteer is a reliable self-starter and a motivated learner. Mentoring and assigned readings provide the information and skills needed. New docents shadow experienced docents for three sessions, then can sign up solo.

At Moraine Hills State Park the commitment is one weekend day per month, April through mid-November.

At Volo Bog State Natural Area the commitment is one weekend day per months for a minimum of one year. At Volo Bog SNA docents also tend to the Friends of Volo Bog's Tamarack Shop.

To apply contact Natural Resources Coordinator Stacy Iwanicki at 815-344-1294 or dnr.volobog@illinois.gov

# Antioch Police Department implements state-of-the-art Flock ALPR systems to combat increased regional crime

The Village of Antioch Police Department is proud to announce the imminent completion of the installation of several Flock Automated License Plate Readers (ALPR) throughout the community. This strategic investment in cutting-edge law enforcement technology comes in response to the alarming surge in crime across the Chicagoland metro area.

Chief Geoffrey Gutschow emphasizes the importance that the Flock cameras bring to the village.

“As law enforcement professionals, it is our duty to adapt and respond swiftly to emerging threats to the safety and security of our communities,” said Gutschow. “The explosion of crime within the Chicagoland metro area over recent years, coupled with the troubling trend of individuals from outside our community

using stolen vehicles to commit crimes in Antioch, necessitated decisive action. I am steadfast in my commitment to utilize every available tool and technology to safeguard our residents from the assaults inflicted by criminals.”

Gutschow adds that the Flock ALPR systems represent a pivotal enhancement to the department’s crime-fighting arsenal. Employing cutting-edge technology, these systems capture license plate information from vehicles passing through designated areas, cross-referencing the data with law enforcement databases in real-time. This enables immediate alerts to on-duty officers, facilitating rapid response and enhancing the department’s ability to apprehend criminals swiftly. These ALPR systems seamlessly integrate with the growing network of cameras not

only within Lake County but throughout the region. This collaborative effort bolsters law enforcement’s capacity to track and apprehend criminals who seek to evade justice, reinforcing the Antioch Police Department’s commitment to ensuring the safety and security of our community. The implementation of Flock ALPR systems underscores the Antioch Police Department’s resolute dedication to leveraging technology to protect residents and combat criminal activity. We stand firm against those who seek to prey on our community and remain steadfast in our mission to uphold law and order.

With the installation of the ALPR’s underway, the department hopes to have the ALPR network live and operational within the next several weeks.

Despite being a tremendous assistance to law en-

forcement, residents in some communities that utilize the Flock camera technology have expressed privacy concerns. In pursuit of enhancing public safety, the Antioch Police Department underscores its commitment to upholding individuals’ privacy rights.

“This commitment is at the heart of the decision to implement Flock ALPR systems, which will be conducted with meticulous attention to privacy considerations,” said Gutschow. “The data collected by these systems will be utilized exclusively for law enforcement purposes and is subject to stringent safeguards and protocols. The department continuously focuses efforts for strict adherence to legal guidelines and industry best practices and will ensure this technology’s responsible and ethical use. Furthermore, we recognize the importance of transparency and accountability in our operations, and we are committed to engaging with the community to address any concerns and provide assurance regarding the protection of individual privacy rights. The Antioch Police Department views privacy as a fundamental aspect of our commitment to serving and protecting our community.”

SUBMITTED PHOTOS Hi-Liter/MCN  
The Village of Antioch PD installed several Flock Automated License Plate Readers (ALPR) recently. The cameras will aid law enforcement to apprehend criminals faster.

## 21 candidates apply for two Lake County Associate Judge positions

The Administrative Office of Illinois Courts has notified Chief Judge Daniel B. Shanes that 21 local attorneys have submitted applications for two upcoming Associate Judge vacancies in the Nineteenth Judicial Circuit. These vacancies result from the impending retirements of Associate Judge Raymond D. Collins and Associate Judge Charles D. Johnson, effective July 12, 2024.

The applicants include Caryn A. Barone of Gurnee, Kevin J. Berrill of Lake Forest, James C. Bertucci of Libertyville, Shyama P. Chauhan of Lake Forest, Gabriel J. Conroe of Highland Park, Matthew J. DeMartini of Antioch, Roderick A. Drobinski of Wauconda, Saul M. Ferris of Wadsworth, Eric J. Kalata of Lindenhurst, Karen G. Levi of Highwood, Craig M. Mandell of Highland Park, Deborah J. Menas of Libertyville, Sari W. Montgomery of Riverwoods, Terry A. Mueller of Lake Forest, Daniel Naranjo of Barrington, Gretchen A. Neddenriep of Third Lake, Stephen J. Rice of Libertyville, Lauren K. Rothenberg of Deerfield, David M. Spada of Wauconda, Mary E. Stanton of Grayslake, and Donald R. Tyer of Long

Grove. Over the coming weeks, the candidates will be interviewed by the circuit judges and evaluated by members of the Lake County Bar Association’s Judicial Selection and Retention Committee. The Bar Association will poll its membership on all applicants’ qualifications. This transparent process also allows for public comment, which must be submitted in writing to The Office of the Chief Judge, Lake County Courthouse, 18 N. County Street, Waukegan, IL 60085-4359. Letters will be accepted until May 31, 2024.

After the comprehensive review process, the nominating committee of circuit judges will select the names of four candidates to be on the ballot. All circuit judges will receive individual ballots with the finalists’ names, and they will submit their ballots to the Administrative Office of the Illinois Courts in Springfield. The Administrative Office will tally the votes; Chief Judge Shanes will then be advised of the two candidates who receive the majority of votes. Those candidates will ultimately be installed as Associate Judges with the Nineteenth Judicial Circuit.

## MCAC hosting low-cost rabies vaccination clinic

The McHenry County Department of Health’s Animal Control Division (MCAC) is hosting a low-cost rabies vaccination clinic May 21 – at the McHenry County Animal Control and Adoption Center, located at 100 N. Virginia Street in Crystal Lake.

The MCAC’s low-cost rabies vaccination clinics are by appointment only, and registration is available online at bit.ly/MCAC-clinics. Residents with questions can call (815) 459-6222.

Cash is the only form of payment accepted at the clinic. The clinic will be offered on Tuesday, May 21, from 1 – 4 p.m.

Special package pricing is being offered for fixed (spayed or neutered) animals. All animals attending one of the clinics will be microchipped unless a previous microchip is registered or scanned during the event.

Special package pricing for fixed (spayed or neutered) animals: Dogs: Microchip, 1 year vaccination and registration: \$20 or dogs: Microchip, 3 year vaccination and registration: \$50.

Intact animals (not spayed or neutered) can still attend the clinics, with the costs being \$15 for a 1 year vaccination and \$30 for a 3 year vaccination. Registration is a separate fee. Intact animals receiving a vaccination will also receive a free microchip unless previously microchipped.

All dogs must be leashed when arriving for their appointments. Please do not bring animals that are in heat. Information about bite history for dogs that are easily stressed will be requested when making an appointment. Owners are responsible for putting a muzzle on any dog that needs one prior to their appointment.

Rabies is a virus that at-

tacks the central nervous system of animals and humans and is fatal once symptoms appear. A change in an animal’s behavior is often the first sign of rabies in a pet. A rabid animal may become either abnormally aggressive or unusually tame, and it may lose fear of people and become docile or become excited and irritable.

We strongly urge adults to educate children about avoiding contact with unfamiliar animals and to immediately inform an adult if they are bitten or scratched by an animal. Any animal bites or encounters with animals suspected of having rabies should be reported to the MCAC at (815) 459-6222.

PHOTO COURTESY OF MCHENRY OUTDOOR THEATER Hi-Liter/MCN

McHenry residents (from left) Karl, Danika, Donovan and Rachel Plancon enjoyed an evening at the McHenry Outdoor Theater this spring. The theater will be the location of a diaper drive Sunday, May 19. Donors will be invited to stay for a special showing of "The Boss Baby" at no charge. McHenry Outdoor Theater is located at 1510 N. Chapel Hill Rd., McHenry.

## Diaper drive set for Sunday at McHenry Outdoor Special showing of "The Boss Baby" free to those who bring diapers

Cynthia Wolf  
CONTRIBUTOR

As every parent of an infant knows, diapers are a significant expense, costing upwards of \$1,000 or more a year to diaper one child.

In fact, according to the National Diaper Bank Network, one in two U.S. families cannot afford enough diapers to keep their children dry and healthy. Three in five parents miss work or school because they cannot supply the necessary allotment of diapers to their child's day care center, according to statistics at [nationaldiaperbanknetwork.org](http://nationaldiaperbanknetwork.org). Public assistance programs like WIC or SNAP do not cover diapers.

The need is great, and as president of the board for Kids in Need of McHenry County, Dawn Bremer is acutely aware. That's why she's spearheading a diaper drive coming up Sunday, May 19, at the McHenry Outdoor Theater.

The event — co-sponsored by The Bremer Team — Keller Williams Success Realty and the theater — will benefit both Kids in Need and Keeping Families Covered. The latter is a Waukegan-based nonprofit that distributes roughly 1 million diapers a year to families and partnering agencies like Kids In Need throughout Lake and McHenry counties, as well as southeastern Wisconsin.

"We thought with our partnership with the Outdoor and (owner) Scott Dehn's generosity and love of the community, we could raise awareness and generate a lot of diapers," said Bremer, who also is owner and president of The Bremer Team.

The drive will start at 6 p.m. Sunday, May 19. Anyone bringing at least one unopened package of diapers in any size will receive free admission to stay and watch a special showing of "The Boss Baby," Bremer and Dehn said.

"Come out, help your neighbors, and have some fun with us at the Outdoor," Dehn said. "What a great way to help supply an essential need for area families who may be struggling."

Kids in Need is a nonprofit supporting schools, families, foster parents and organizations that need help providing for children's needs. Planning is under way for an Oct. 9 fundraising gala at the Holiday Inn in Crystal Lake. More information about the organization, including ways to help, is available at [kinmc.org](http://kinmc.org).

Those interested in more information about Keeping Families Covered can visit [keepingfamiliescovered.org](http://keepingfamiliescovered.org). Additionally, anyone who would like to help but who is unable to attend the May 19 event can drop diapers off at The Bremer Team's office, 1218 N. Green St., Unit D, McHenry, or at the Outdoor, 1510 N. Chapel Hill Road, during business hours.

## MCCF launches 10K matching gift challenge Donations will support McHenry County's first ADA-accessible boat launch

The McHenry County Conservation Foundation has launched a fundraising opportunity that will match donations dollar for dollar, up to \$10,000 to support the installation of an ADA-accessible boat launch and walkway at The Hollows Conservation Area in Cary, IL.

This will be the first ADA-accessible boat launch in McHenry County and will provide persons with disabilities the opportunity to independently access Lake Atwood—a 22 acre lake used for fishing, paddling and other recreational and educational purposes.

This project is part of a larger \$400,000 renovation being undertaken at the site by McHenry County Conservation District's that will expand recreational opportunities to persons with disabilities and better meet the growing recreational demands of site visitors. In addition to the boat launch, the Conservation District will update the hiking trail around the lake, install a fishing pier, implement way-

finding and interpretive signage, install solar lights to facilitate evening cross county skiers, and improve shoreline access. These amenities will all be linked with a one-mile trail which provides easy access for persons with disabilities.

Donations can be made online at: <https://tinyurl.com/hollowsmatch>.

The McHenry County Conservation Foundation is a 501c3 supporting organization that works to obtain grants and gifts in support of the work of the McHenry County Conservation District, directing nearly all of its budget to conservation projects and environmental education programs that go beyond what government funding alone can provide. Grants and donations to the organization help ensure that McHenry County's public lands, water, and wildlife are preserved to benefit our way of live and that of future generations. To learn more visit <http://www.mchenryconservation.org> or call (815) 338-6223.

## Conservation district upcoming events

### Endangered Species Day: Be a Hero!

Friday, May 17, 5-6 p.m., Prairieview Education Center, Crystal Lake.

Discover which animals and plants are threatened or endangered that are living in your community. Workshop a plan and design a map that would help provide increased habitat for animals and plants. At the end, collect an Endangered Species button to show your support for your favorite endangered species and spread the word to others. Ages 8+.

### Canoe to a Heron Rookery

Saturday, May 18, 8-10:30 a.m., Hickory Grove Highlands, Cary.

Spend a spring morning canoeing on the Fox River, learning about this riparian habitat and visiting a heron rookery. We provide all canoe equipment. This canoe trip is not suitable for beginners. Ages 14+

### Fire Building

Saturday, May 18, 10:30 a.m. to noon, Rush Creek Conservation Area, Harvard.

Do you know how to start a fire? How about without using a match? Join us as we explore the man different methods of getting a fire going. Ages 7+.

### Climate Conversations: Observations from a Naturalist

Tuesday, May 21, 7-8:30 p.m., Prairieview Education Center, Crystal Lake.

Education & Visitor Center Service Coordinator Kim Compton will share personal observations of nature in our area. We'll discuss Kim's phenology calendar and what it tells us about climate change. Ages 14+.

### Cicada Celebration

Sunday, June 2, noon to 4 p.m., Fox Bluff Conservation Area, Cary.

Join in on a self-directed afternoon full of education, hikes and fun about the amazing life cycle and ecology of cicadas.

For more information or to sign up for programs please visit the McHenry County Conservation District website at [MCCDistrict.org](http://MCCDistrict.org).

## Woodstock PrideFest names 2024 parade Grand Marshal

The excitement for this year's annual Woodstock PrideFest Parade reaches new heights as Tom Skilling, long time WGN-TV chief meteorologist, is announced as the Grand Marshal for the 2024 PrideFest Parade and Festival.

Tom brings a wealth of experience and passion to his role as Grand Marshal, having participated in Chicago Pride events for decades. As a champion for equality, acceptance and all things weather, he has

dedicated his life to breaking down barriers and empowering the LGBTQIA+ community.

In his role as Grand Marshal, Tom will lead the parade with pride, symbolizing the strength, resilience, and diversity of the LGBTQIA+ community. His presence serves as a reminder of the progress made towards equality and acceptance, while also highlighting the ongoing work that remains to be done.

"We are thrilled to have Tom as our Grand Marshal for

this year's PrideFest Parade and Festival," said Melissa McMahon, Woodstock Pride President and event coordinator. "His participation is a great symbol of acceptance of all LGBTQIA+ individuals by all people and we know he will bring incredible energy and passion to the event."

The PrideFest Parade and Festival, a celebration of love, acceptance, and unity, will take place on June 9th in Woodstock, IL. It prom-

ises to be a joyous occasion filled with music, dancing, and solidarity as members of the LGBTQ+ community and their allies come together to honor the past, celebrate the present, and advocate for a brighter future.

For more information about the Woodstock PrideFest Parade, festival and weekend of events, and to stay updated on the latest news and announcements, please visit [woodstockilpride.com](http://woodstockilpride.com).

## You ought to be in pictures!

THIS IS AN OPEN CALL FOR SUBMITTED PHOTOS TO BE USED IN YOUR COMMUNITY NEWSPAPER.

▼ Community events, car washes, festivals, lemonade stands, school projects – people at work and at play.

**We are interested!**

▼ Show the community what your group has been doing!

▼ **NO EXPERIENCE NEEDED!**

▼ Just shoot and e-mail!

▼ We need you to ID everyone in the photo *first* and *last* names required

# Sheriff's reports

## Sheriff's SIG arrest Lake County drug trafficker

The Lake County Sheriff's Special Investigations Group (SIG), a High Intensity Drug Trafficking Area (HIDTA) funded task

Travier L. Bunch

force, concluded an investigation that led to the arrest of a Waukegan man who was selling fentanyl, meth, heroin, cocaine, and other drugs in Lake County.

Several tips were made to the sheriff's office, Waukegan Police Department, and Gurnee Police Department indicating Travier L. Bunch, 32, of the 12800 block of West Harrison Avenue, unincorporated Waukegan, was selling drugs in the community. SIG Detectives initiated an investigation, which spanned over one month. During their investigation, Bunch sold drugs to undercover SIG detectives.

An analysis of the facts by the crime laboratory showed Bunch was distributing a deadly combination of fentanyl, heroin, and meth.

On May 9, after learning Bunch had an active arrest warrant for domestic battery, undercover SIG detectives placed Bunch under surveillance, and he was arrested in the 600 block of Hill Street, Waukegan, with the assistance of Waukegan Police Officers. Bunch was in possession of fentanyl, cocaine, heroin, hydrocodone, and cannabis when he was arrested.

After reviewing the facts and circumstances of SIG's investigation, the Lake County State's Attorney's Office approved the following charges: 17 counts of Unlawful Possession of a Controlled Substance with Intent to Deliver (Class X, 1, and 2 Felonies).

The Lake County State's Attorney's Office filed a 'Petition to Detain' Bunch while he awaits trial. Bunch was held in the Lake County Jail pending a detention hearing May 13.

Lake County Sheriff John D. Idleburg said, "I am very proud of our Special Investigations Group for identifying and arresting another Lake County drug trafficker. Through our partnership with HIDTA, federal, and local partners, SIG is having extreme success in removing drugs and firearms from some of the most violent criminals operating in Lake County."

The Lake County Sheriff's Office thanks Waukegan Police Department and Gurnee Police Department for their assistance during this investigation.

### Woman hospitalized after single vehicle crash

Lake County Sheriff's Deputies are investigating an afternoon crash involving a 76-year-old Rockford woman that remains in the hospital in critical condition.

On May 12, at approximately 3:10 p.m., Lake County Sheriff's Deputies were dispatched to Route 173 west of Wells Lane, unincorporated Antioch, for a single-vehicle traffic crash. Sheriff's deputies arrived and found the sole occupant of the vehicle unconscious, experiencing labored breathing. The woman was transported via ambulance to an area hospital, where she was pronounced deceased.

Preliminary investigation shows the woman was driving a 2000 Buick Century eastbound on Route 173. As she was driving, her vehicle left the roadway for an unknown reason and struck a tree. The damage to the Buick was not substantial, and it is possible the driver suffered from a medical episode before crashing.

The incident remains under investigation by the Lake County Sheriff's Office Technical Crash Investigations Team.

### Tobacco license suspended due to sales to minors

A tobacco and e-cigarette store that received multiple complaints regarding sales to minors is coming to the end of a two-week tobacco license suspension.

In January 2024, Lake County Sheriff's Detectives conducted compliance checks at stores throughout Lake County that sell tobacco/nicotine products. During the checks, one of the stores that failed the compliance check was Moshi's Tobacco & Vape, located at 34491 North Old Walnut Circle, unincorporated Gurnee.

When detectives spoke to the clerk responsible for selling the tobacco product to an underage child, the clerk lied about her identity, and provided detectives with a false name and birth date.

The Lake County Health Department heard sworn testimony regarding the unlawful

selling of tobacco at a hearing on March 13, 2024. After the hearing, the Health Officer suspended Moshi's Tobacco & Vape's tobacco license for the period of April 25, 2024, through May 8, 2024.

Anyone with knowledge regarding this business or any other business that sells tobacco to minors is encouraged to contact their local police department.

### Motorcycle crash under investigation by LCSO Technical Crash Investigation Team

Lake County Sheriff's Traffic Crash Investigators continue investigating a motorcycle crash that occurred Sunday evening in Port Barrington.

On May 5, at approximately 7:25 p.m., Lake County Sheriff's Deputies responded to West Roberts Road and Center Street, Port Barrington, for a vehicle crash involving a motorcycle. Sheriff's deputies arrived and found a motorcycle rider with critical injuries.

Preliminary investigation shows a 2012 BMW motorcycle was driving alongside another motorcycle, and both were driving recklessly. Both motorcycle drivers were traveling eastbound on Roberts Road and were weaving in and out of traffic at a high rate of speed, illegally passing other vehicles traveling eastbound. As the riders continued eastbound, the driver of the BMW motorcycle went into the westbound lanes to pass a group of motorcycles who were also traveling eastbound. When he returned to the eastbound lanes, he struck the rear of an eastbound Chevrolet Silverado, driven by a 47-year-old man of Wauconda.

The operator of the BMW motorcycle, a 41-year-old man of Lake Zurich, who was not wearing a helmet, was thrown from the motorcycle. He sustained critical injuries, including a fractured neck and severe head injuries.

The driver of the BMW motorcycle was transported to an area hospital, where he remains in critical condition. The driver of the Chevrolet was uninjured. The driver of the other motorcycle, who was traveling with the driver of the BMW motorcycle, did not stop at the crash scene.

The investigation continues by the Lake County Sheriff's Office Technical Crash Investigations Team.

### Two men identified and arrested following armed robbery

Sheriff's detectives worked to identify and arrest two offenders from the April 20 Beach Park armed robbery.

Bryan Campos

Sheriff's detectives developed several leads indicating Bryan Campos, 26, of the 2100 block of Hawthorne Lane, Waukegan, was responsible for committing the armed robbery. On April 21, sheriff's detectives gathered enough evidence to support the issuance of a search warrant for Campo's residence. During the search warrant, sheriff's detectives found the hat, jacket, pants, and face covering worn by Campos during the robbery.

Sheriff's detectives obtained an arrest warrant for Campos for aggravated robbery. On May 5, Campos was arrested by the Waukegan Police Department. He was in possession of a firearm when he was arrested.

Sheriff's detectives also determined Caden Hernandez, 21, of 2100 block of Hawthorne Lane, Waukegan, was the getaway driver for Campos, after Campos committed the armed robbery. Hernandez was arrested by detectives on April 21. The Lake County State's Attorney approved the charge of aiding a fugitive for Hernandez. Following a court hearing, Hernandez was given pre-trial release and due back in court on May 9.

At a detention hearing on May 7, the Lake County State's Attorney's Office upgraded charges to armed robbery against Campos, and he was ordered to be detained in the Lake County Jail pending further court proceedings. Campos is due back in court on June 4.

### Original report: Beach Park Armed Robbery (issued April 21)

Lake County Sheriff's Detectives are investigating an

armed robbery that occurred at a Beach Park convenience store on Saturday.

On April 20, at approximately 11:35 a.m., Lake County Sheriff's Deputies responded to a convenience store in the 37700 block of North Green Bay Road for an armed robbery that just occurred. Sheriff's deputies arrived and spoke to the store clerk, who was uninjured.

Preliminary investigation shows a man, possibly of Hispanic descent, wearing a face covering, yellow coat, tan pants, and gloves, entered the store and displayed a firearm. He demanded money from the store clerk. The offender ran from the store after obtaining cash from the clerk's register.

A Lake County Sheriff's K9 Team responded and tracked the scent of the man, however, the scent ended at the dead end of a roadway, indicating the offender likely entered a vehicle. Sheriff's evidence technicians recovered evidence that will be sent to the crime lab for analysis.

### Two killed in morning crash

Lake County Sheriff's Traffic Crash Investigators are investigating a morning crash that left two dead, and one seriously injured.

On May 8, at approximately 8:00 a.m., Lake County Sheriff's Deputies responded to Fairfield Road and Chardon Road, unincorporated Wauconda, for a traffic crash with injuries. Sheriff's deputies arrived and found a vehicle and dump truck collided, causing major damage to both vehicles.

Preliminary investigation shows a 2007 Mack dump truck, driven by a 44-year-old man of Round Lake Park, was traveling northbound on Fairfield Road, approaching Chardon Road. A 2007 Nissan Versa, driven by a 48-year-old woman of Waukegan, was traveling westbound on Chardon Road, approaching Fairfield Road at the same time. Traffic on Chardon Road at Fairfield Road in controlled by a stop sign. There is no stop sign or traffic control device for traffic on Fairfield Road at this intersection. The driver of the Nissan entered the intersection, directly in front of the Mack truck.

The front of the dump truck struck the driver's side of the Nissan. The dump truck then rolled onto its side, spilling a load of loose concrete.

The driver of the Nissan was pronounced deceased at the scene. A back seat passenger in the Nissan, a 55-year-old woman from Round Lake Beach was also pronounced deceased at the scene. A front seat passenger in the Nissan, a 45-year-old woman of Round Lake Beach, was transported to an area hospital with critical injuries, later deemed to be non-life-threatening. The driver of the dump truck was uninjured.

Autopsies are being scheduled on the two women killed in the crash.

### Man dies in house fire

Lake County Sheriff's Deputies tried saving a man trapped inside a burning home.

On May 12, at approximately 12:40 a.m., Lake County Sheriff's Deputies responded to a structure fire in the 17800 block of West Winnebago Drive, unincorporated Grayslake. When sheriff's deputies arrived, they spoke to the 63-year-old homeowner, who made it out of the fire. She advised her son, a 44-year-old man, was still inside and he was attempting to get out of the home, but he had not yet made it out.

Sheriff's deputies attempted to make entry into the home to find the man, however, the smoke was too heavy, and they were unable to enter. Shortly after, Gurnee Firefighters arrived and were able to make entry into the home with their protective gear. They located the man inside the home and found he was not conscious and not breathing. Life saving measures were started, and the man was transported to an area hospital, where he was subsequently pronounced deceased.

The Lake County Coroner's Office is scheduling an autopsy.

Although preliminary indications show the fire does not appear suspicious, sheriff's detectives responded to the scene. They will continue their investigation with fire officials and the Illinois State Fire Marshal's Office.

## Lake County Sheriff's arrest bulletin

The Lake County Sheriff's Dept. reported the following arrests in Lake County. Suspects are considered innocent until proven guilty in a court of law.

### March 25

Alyssa M. Fanella, 34, Oakwood Hills, was cited for DUI - drugs.

# Warrant (Continued from front page)

Digital Forensic Examiners with the Illinois Attorney General's Office conducted an analysis on Honegger's cellular phone, where they located over 90 images and videos of child pornography, with many of the children being under the age of 13.

After reviewing the facts and circumstances of the case, the Lake County State's Attorney's Office approved five counts of Possession of Child Pornography (Class 2 Felonies) against Honegger.

Honegger was held in the Lake County Jail pending his first appearance in court. The state's attorney's office indi-

cated they will file a petition to detain Honegger in custody while he is awaiting trial.

"The members of the Lake County Sheriff's Office will always do everything in our power to protect our youth," stated Sheriff John D. Idleburg. "A group of detectives are concentrating their efforts on tracking down and apprehending predators who lurk in the shadows of the internet, waiting to prey on the most vulnerable. We appreciate the collaboration between the Attorney General's Office, State's Attorney's Office and our team of detectives."

## Prosecutors successfully argue to detain man charged with possessing child pornography

On May 9, a Lake County Judge granted the State's petition to detain Jared Honegger, 24, who is being charged with four counts of child pornography.

After the detention hearing, Lake County State's Attorney Eric Rinehart stated, "Our office is committed to protecting all children in Lake County, and I commend the Sheriff's team and the Attorney General's Office for their investigation. This offender

is now jailed indefinitely because of our new system that does not allow him to post cash and be released. Others charged with this exact same crime have been able to post cash in the past, and those days are over."

On May 7, the Lake County Sheriff's Office arrested Honegger after locating dozens of videos and images of child pornography while executing a search warrant in Honegger's Lake Zurich home. The Illinois Attorney General's Office assisted in the search.

During the detention hearing, the State argued

that Honegger's pre-trial release would pose a real and present threat to the community because the videos and images found in Honegger's phone are a form of violence, sexual in nature, and that if it weren't for people like Honegger consuming that content, there would not be a demand for predators to continue making child pornography and harming children.

The State further argued that Pre-Trial Bond Services does not have the ability to engage in 24-hour surveillance of Honegger's home and would not be able ensure

Honegger wouldn't continue downloading and disseminating child pornography if he had pre-trial release.

Since September 2023, individuals who are charged with possessing or creating child pornography are no longer eligible to use cash to post bond in order to obtain pre-trial release. The SAFE-T Act prevents violent offenders and sex offenders from being able to post cash bond if a judge determines they are dangerous to the community.

Honegger's next court hearing is scheduled for May 28 for preliminary hearing.
