Operation Dropbox has record year of donations, support from the community

The McHenry County Department of Health (MCDH) is pleased to announce the results of the 5th Annual Operation Dropbox donation drive to benefit Veterans Path to Hope, a local organization whose purpose is to support local veterans in need in the areas of housing and employment assistance, transitional living, basic needs (food, furniture, household goods, etc.), peer support activities, caregiver training, and counseling.

to hold a state-mandated exercise, utilizing the donations collected to simulate the process of unloading and distributing medical countermeasures during emergencies.

This year, Operation Dropbox saw an unprecedented level of community support, with 87 organizations participating as drop site locations for public donations, shattering the program's previous best of 31 participating organizations. The total weight of donations for 2024 also surpassed last year's total of 5,466 pounds, reaching 8,283 pounds.

Operation Dropbox, now in its fifth year, has grown tremendously, showcasing the community's commitment to supporting local veterans. The success of this event is made possible through the collaboration of the MCDH, Veterans Path to Hope, McHenry County Veterans Assistance Commission, McHenry County Division of Transportation, and the dedicated volunteers from the McHenry County Medical Reserve Corps.

On June 11, the MCDH convened volunteers from the McHenry County Medical Reserve Corps and Veterans Path to Hope at the McHenry County Division of Transportation

For more information about Veterans Path to Hope, please call (815) 321-4673 or visit veteranspathtohope.org.

For more information about becoming a Medical Reserve Corps volunteer or the Operation Dropbox donation drive, please email health-nursing@mchenrycountyil.gov or call (815) 334-4500.

Operation Dropbox exceeded all previous years in donations and community participation to support local veterans.

JIM WOJDYLA PHOTO HI-LITER/MCN

An excited crowd watches the Rock-afire Explosion perform during one of its debut appearances at the Volo Museum June 2. The newly refurbished animatronic band will perform Christmas concerts during Volo's Christmas in July festivities July 26-28.

Christmas in July coming to Volo Museum July 26-28

Celebrate the spirit of Christmas with family fun, fantastic entertainment

Santa is coming early this year to the Volo Museum, and the public is invited to share in what surely will be a most magical, memorable experience.

"We are preparing a summer celebration like no other," said Jim Wojdyla, marketing director for the museum at 27582 Volo Village Road, Volo. "Join us July 26, 27 and 28 for 'Christmas in July,' a unique, festive extravaganza that will bring holiday cheer to the heart of summer."

Visitors can immerse themselves in a sun-soaked holiday adventure, as museum officials deck the halls and create a Summertime Santa's Workshop. There, families can meet Santa and his elves, capture the magic with a Summer Santa photo session, and share their holiday wishes.

Unleash creativity and craft delicious treats at a cookie-decorating session. Dive into festive arts and crafts, coloring activities, holiday ornament-making and more. Kids can even get a jump start on their Christmas wish lists, with a letter-writing station and special North Pole delivery services available on-site.

Adding a dash of nostalgia to the merriment, the legendary Rock-afire Explosion animatronic band, of ShowBiz Pizza Place origin, will perform their rarely seen live Christmas shows dating to 1982 and 1987. Concerts will take place approximately every 30 minutes beginning at 11 a.m. July 26-28, and are included with regular admission.

"These are shows that people probably have not seen anywhere live since the 1990s," said Brian Grams, museum

director. "It is a very rare opportunity."

Grams and Wojdyla anticipate terrific crowds for the Christmas in July festivities, especially given the Rock-afire Explosion's clearly enduring draw. Throngs of appreciative visitors attended when Volo first debuted their refurbished set on June 2. "People traveled from all over the country — West Virginia, South Carolina, Tennessee, Michigan — so we learned just how popular these guys are and to what extent fans are willing to go to see them," Grams said.

The band's enclosed stage features broad, outdoor courtyard-facing doors that open when a concert is about to begin. "Rather than attempt to share these Christmas concerts with fans in inclement December weather, Christmas in July is the perfect opportunity," Grams added. "This will be great family fun."

The Volo Museum is open 10 a.m. to 5 p.m. daily. All Christmas in July activities are included free with a Platinum, Gold or Volo Museum ticket.

Platinum and Gold passes provide a two-day experience with free admission the second consecutive day. Admission starts as low as \$24.95 for adults and \$13.95 for children ages 5 to 12, with free entry for children ages 4 and younger. Separate single-day admission to the Jurassic Gardens dinosaur park is \$16.95 each; free for children 4 and younger. Museum members enjoy free admission to all attractions.

For more details, visit volofun.com, find Volo Museum on social media, or call 815-385-3644.

McDOT announces launch of MCRide Connect

McHenry County Division of Transportation is excited to announce the launch of MCRide Connect, an innovative on-demand subsidy program designed to provide affordable transportation options for eligible residents.

MCRide Connect will utilize transportation network companies such as Uber and UZURV to offer subsidized rides for residents holding an RTA Reduced Fare, Ride Free, or ADA Paratransit Permit Card.

MCRide Connect supports eligible riders by subsidizing ride costs through electronic vouchers, which can be applied to trips taken with Uber and UZURV. This initiative aims to enhance mobility and accessibility for McHenry County residents.

Eligibility Criteria for MCRide Connect:

- Possess an TRA Reduced

Fare, Ride Free, or ADA Paratransit Permit Card.

- Have an active account with Uber or UZURV, including a valid credit card.
- Be a resident of McHenry County.

How MCRide Connect Works:

- Enrolled riders pay the first \$4.00 of a trip originating or ending in McHenry County.
- McHenry County subsidizes the remaining trip cost up to \$20.00 (maximum \$16.00 County subsidy).
- Riders are responsible for any additional trip costs exceeding \$20.00, any applicable rideshare surcharges, and driver tips.
- Subsidies are available for up to eight trips per day for each enrolled rider.

How to Register for an RTA Reduced Fare or Ride Free Permit:

Visit the RTA's website at Fair Transit Access Regional Transportation Authority www.rtachicago.org, to learn more about the Reduced Fare and Ride Free Program and register for a permit online.

In-person registration is available at:

- Senior Services Associates of Crystal Lake
- Nunda Township
- Senior Services Associates of McHenry County

Enrollment Process for MCRide Connect: To enroll, complete and submit the MCRide Connect Enrollment Form, which can be found at www.mchenry-countyil.gov/mcrideconnect. The subsidy will be available in the rideshare provider account within 7-10 business days after submission, allowing eligible riders to apply it to the cost of their trips at the time of booking.

Yoga Under the Oaks

Thursday, July 18, 11 a.m. - noon, Lost Valley Visitor Center, Glacial Park.

Welcome the summer morning under oak trees during a yoga practice led by Denise Jordan on the patio overlooking Glacial Park's scenic landscape.

Bring your own yoga mat (limited supply available.) Ages 14+.

Bumblebee Talk with Cindi Jablonski

Saturday, July 20, 1-3 p.m., Prairieview Education Center, Crystal Lake.

Join District Wildlife Biologist Cindi Jablonski for talks, hands-on activities, and a chance to celebrate the vital role of bumblebees in our ecosystems and their impact on biodiversity in a fun and friendly atmosphere. Ages 14+.

Dragonflies & Damselflies

Saturday, July 20, 3-4:30 p.m., Pleasant Valley Conservation Area, Woodstock.

Learn about the life cycles of these marvelous winged wonders and set out to find, catch, examine, and release both adult insects and their nymphs. Dress to explore both the prairie and the pond, and be prepared to get a little muddy! Ages 7+.

Fantastic Fireflies

Saturday, July 20, 8:30-9:30 p.m., Prairieview Education Center, Crystal Lake.

Join us at dusk for a spectacular display of our natural "fireworks" AKA fireflies! Learn about the firefly life cycle just before the prairie and woods light up. Enjoy a night hike as our firefly friends light the way. Bring a blanket and wear long pants and long sleeves. Ages 7+.

Local community leader honored with invitation to event at Fort McCoy

Paul J. Hettich
CONTRIBUTOR

The United States strives today to engage the civilian population and conduct community outreach activities and events to tell the "Army" story. Many U.S. Army installations conduct events such as concerts, celebrations, and tours, which allow civilians' access to experience them and observe what Army life looks like.

On Monday, June 17, the 88th Readiness Division (Fort McCoy, Wisconsin and Fort Snelling, Minnesota) hosted a Community Leader Engagement to inform and educate selected civilians for this opportunity. The 88th Readiness Division Public Affairs Office and Strategic Outreach Planning Team invited 20 distinguished visitors including selected local representatives and senators, business and corporate leaders, community partners, etc. for this Community Leader Engagement.

The Community Leader Engagement started with a welcome by the 88th Readiness Division Commander, Major General Baker. The first event was the Medical Simulation Center, a state-of-the-art center where Soldiers train in real-world medical situations ultimately culminating in complex military medical and Sol-

diering events. From there, participants had the opportunity to fire M4 rifles in the simulation weapon complex. Next, some participants flew in Blackhawk Helicopters while others visited the Fort McCoy Historical Museum and Barracks. The final event was going to a range in the field to actually observe Soldiers from Rockford, Illinois qualifying on their M4 weapons.

Mrs. Michele Bauman, Avon Township Supervisor (Lake County, Illinois) was recommended by U.S. Army Reserve Ambassador - Illinois Colonel (Retired) Paul J. Hettich of Antioch, to attend this event. Michele is an Illinois elected official and also serves as a member of various organizations, including the Grayslake area Chamber of Commerce, Boy Scouts of America, National Exchange Club, and co-founder of the Lake County Military Families United As One. Without previous experience in the military and a daughter who sought to serve her country, Michele founded the Lake County Military Families United As One, as a venue to connect those affiliated with the military and experienced backgrounds with newcomers to the military life. Michele diligently advocates for the U.S. military and has

built a relationship with the Round Lake Recruiting Station due to her only daughter, Madeline enlisting there.

This is a unique story in which, both the mother (Michele) and daughter (Madeline) were actually training at the same time, doing Army "stuff" with Michele firing an M4 at the weapons simulation center at Fort McCoy, Wisconsin, and Madeline working with her M4 to zero at Fort Sill, Oklahoma hundreds of miles apart. Perhaps a more sobering moment, Michele shared, was the medical simulation center tour. It was surreal for her to see the training simulations and learn that the training she saw was to prepare medics to be ready to go into a hostile environment to help save the lives of Soldiers. Michele's daughter's job will be in medical logistics where Madeline may be responsible for ensuring that medics have the equipment they need to help our injured Soldiers. Every Soldier has a job, and every job has a role in the Army.

At the rifle range, Major General Baker made an impactful statement, saying 'our enemies were shooting at us because of the flag we wear on our uniform.' Her daughter wears the same uniform as every Soldier. When

Michele left the Community Leader Engagement event, she noticed an American flag inside a display cabinet and when she looked closer at the flag, there was a picture of a Soldier and the words Freedom is Never Free. That Soldier was someone's son.

Less than one percent of people serve in the military today. For families with a military service background, enlisting in one of our military branches may be relatively normal and uneventful. However, for a family and a daughter without any military experience, to join the Army was a life-changing event. This is where the crucial role of community support comes in, making the transition smoother and the journey less daunting for these families.

Michele Bauman was with her only daughter, Madeline, throughout the entire Army enlistment process - a process, which was difficult, complex, and long, but ultimately extremely rewarding. Madeline joined the U.S. Army Reserves and was recently accepted into the Northern Illinois University ROTC program. The 88th Readiness Division Community Leader Engagement was an educational, professional, and humbling experience for the new military mom.

SUBMITTED PHOTOS Hi-Liter/MCN
Top: Michele with MG Baker in the weapons simulation center at Fort McCoy where she was able to fire an actual M4 rifle. Above: Michele is shown in front of the 88th Readiness Division Headquarters at Fort McCoy, Wisconsin where the Community Leadership Engagement event took place in June.
