NOTICE TO CITY OF BURLINGTON RESIDENTS THURSDAY HYDRANT FLUSHING

The Burlington Water Utility will be flushing hydrants on **Thursdays** during the months of May through July, to reduce and remove the accumulation of rust and iron in the City's water main distribution system. This flushing may cause discolored water in your system. This discolored water is bacteriologically safe and will not harm you.

City residents should check their water supply on Thursdays before engaging in any work that could be affected by the City's flushing of hydrants. Your cooperation and understanding during water main flushing is greatly appreciated.
